

# HTML5 Responsive Kids Coloring Book

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

You can supply a set of thumbnail and full images, set a default color and set a list of colors in your palette. The color palette is completely responsive and the colors are easy to pick on mobile browsers. You can also save the images once they are colored or undo any of the changes that you've done. All the styles are externalised making it extremely easy to style as you can see in the responsive design.
