

Kentico E-commerce for ASP.NET (v5.5)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Kentico E-commerce for ASP.NET allows you to easily build on-line stores without complex programming. It comes with a starter site and a step-by-step guide that helps you customize the store with your design and categories. It supports product and inventory management, product options, PayPal and Authorize.NET gateways, wish list, customizable taxes, discounts and shipping. You can also download a Free Edition for small stores.
