Utilize your website's maximum capacity. Harness your existing visitor turnover itself to increase your website traffic. Well, this is what Kmita Tell Friend v2 is all about. Kmita Tell Friend installs easily and lets you provide a link on your website so that your visitors can recommend your website to their friends. There are lots of options and customizations ranging from specifying the success page to dynamically specifying the page URL. Kmita Tell Friend can handle unlimited number of recommend forms in one installation itself, that means you need not copy the script over and over again for different recommend forms. All Kmita products are overed with 100% money back guarantee for 30 days. Additionally, there free support and free installation of one form for you.
