

LDAP-Express

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

LDAP-Express is a Web-based LDAP client written in perl. It gives you the ability to access LDAP databases via your Web browser. You can access your corporate address book or find virtually any address on the Internet by accessing public LDAP directories right from your Web browser. LDAP-Express is the directory-services component of BrowserExpress, our full-function, Web-based e-mail client.
