

LeanBack HTML5 Video and Audio Media Player

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

a Javascript based HTML5 Video and Audio Media Player UI that uses build-in HTML5 video and audio element functionality of standard browsers, platforms and devices. It's very easy to integrate, it's skinnable by using CSS, it's independent of any other javascript libraries, it's adaptable by using extensions and it's free for non-commercial use.
