Live2Support (http://www.live2support.com) is a live chat solution for real-time customer support and sales. Founded in 2003, Live2Support is a feature-rich live chat software used by thousands of companies to engage with customers everyday. Businesses can add chat to their websites in minutes to offer 24/7 live support. They can also monitor customers in real-time and initiate proactive chats to generate new leads and improve sales. Live2Support helps companies offer 24/7 live support with instant chat set-up and mobile support. Business owners can quickly add live chat to their websites by embedding a simple line of code on any webpage. Managing communication with customers is also easy as support agents can continue conversations on any device or platform using Live2Support apps for desktop, tablet and smartphones that support Windows, Mac, iPhones, Android, Blackberry and more.
