Email	{value_email}

With Facebook Connector Integration Magento Extension, Magento store accept visitors to sign up using their Facebook account. Customers will keep stay on your Magento store longer and easily access to member section. Customers are more willing to create account and connect to their Facebook account. The Facebook Magento Extension do more than login integration. It also help to promote your store in friendly and nice way each customer do an action on your store. For example, when each purchase is made, a short message will be posted to Customer's Wall or Customer's Friend's Wall with your product information and a link to your website. This mean more sales and more money for your business.
