Magento Checkout Optimization Extension

Address   {value_address}

Contact Person   {value_contact_person}

Mobile Number   {value_mobile_number}

Email   {value_email}

Customers abandon the shopping carts for lots of reasons: high shipping cost, high prices, window shoppers, no comparison function, login fatigue, poor site performance, checkout errors, and many others. Taking into account all aforementioned, the extension's main aim is to prevent loss of sales, reduce cart abandonment by optimizing checkout procedure, and introduce some useful additional functions to the checkout process. Full description and main list of features can be found on the product page.
