

Mail on 404

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

A simple snippet of php code to insert in your custom 404 error page. It will send an e-mail when a visitor encounters a 404 page and certain conditions are met. The tutorial explains how the script works and where to insert the code.
