mosRealEstate is a real estate agent property listing component (addon) for Mambo 4.5. It allows real estate agents to keep a list of properties that are for sale on their site and let users browse and search these. This adds a lot of value to real estate agents sites to let them be able to easily keep up-to-date information about their properties on their website. Features includes easy to use admin interface, completely translatable, SEF links, automatic image thumbnail creation, html editor support, simple and advanced search, printable pages and more. mosRealEstate requires Mambo 4.5 to run.
