<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Count hits for not only every page in your website but also file or document downloads. See the number of hits in real time, zero them when required. See how people navigate around your site, check which pages are popular and therefore worth keeping on the site, work out which are not attracting visitors and therefore need more promotion.
