

OCXMail

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Flicks Software's OCXMail ASP component allows you to send mail using the standard SMTP protocol from any program that can use ActiveX/OLE components. It includes the SendX function which allows blind-copies, mail-priority, receipt-requested, and accomodates Microsoft Outlook which does interpret all RFC822 message date formats correctly.
