

Option Pack for Opencart

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Module creates a separate view options. This will be useful if you have the goods in the store in which several options, such as clothing sizes. The buyer can immediately specify how many units of different size it needs without making a separate order for each size. Each option will be treated as a separate product, which is very convenient when processing order. You can choose what to show: image, quantity, additional buy button. In which pages to show: category specific search results. Module running on version 1.5.3 Openkart to 1.5.6.4
