plx Autoresponder Script v 3.8

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Our autoresponder has been designed to compete with the other top autoresponder companies. Quality programming and extensive features make this a very valuable internet website. Features: Edit Autoresponders, Test Autoresponders, Send Broadcast, Edit Newsletters, Test Newsletters, Send Broadcast, Active Prospects List, Mailing List, Undeliverables List, Tracking, HTML Form. Demo available! Installation instructions included! Edit Autoresponders: Create and edit autoresponders in your account (both instant response and follow-ups); these are the autoresponders that your autoresponder will send out once its triggered ('instant response') and follow-ups delivered at preset time intervals. Test Autoresponders: Test your autoresponder account by sending all saved messages to an e-mail address of your choice, so that you don't have to wait days before all follow-ups are delivered. Send Broadcast...
