

# Product Image Editor for Magento

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This extension empowers Magento store owners to edit products' images right from the Admin Panel. This simple, yet powerful extension will let you crop, resize, rotate your images, as well as adjust brightness, saturation, contrast, add blur, add text to the image, draw something with a pencil tool and more! All this was made possible because the extension employs Aviary image editing tool.
