Visitors increasingly want to engage with our sites and brands. This slot machine gives the perfect way for your visitors to do that with little effort or cost to you or your company. On top of that it increases customer loyalty, returning to the site to continue to play! We've seen a huge variety of companies use this to great success. Have your own HTML5, pure Javascript slot machine on your site! In a recent survey, 74% of users said the well finished game contributed significantly to the fun of the site. You can mix it up and customize your slot machine with the 5 different pre-set designs provided, or you can very easily make your own. Written in pure HTML 5, Javascript, jQuery and CSS it is extremely quick and simple to integrate into any new or existing site. Proven to work flawlessly on mobiles and tablet, your visitors can enjoy this feature at any time and there is no use of Flash or Java.
