Pulldown Menu (Description)

Address {value_address}

Contact Person{value_contact_person}Mobile Number{value_mobile_number}

{value_email}

If you have plenty of space on you webpage or just would like to use a more comprehensive menu list, then this script might suit you nicely. This script allows you to select a link from a scrolling text box and then displays a message concerning the link. It sends you off to the destination once you click on 'Go' button.
