Revolving Slideshow is XML driven Flash slideshow with amazing 3D effect, built with latest version of Away3D, real-time 3D engine which uses the hardware-accelerated Stage3D Api's in Flash Player 11. It is easy to use and very customizable.Revolving Slideshow is build in pure AS3, all assets (button images and font libraries) are loaded externally. That means that you can change almost anything without even opening Flash.
