

SearchBliss Task Bar Message Generator

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Task Bar Message Generator creates a cut and paste code from your two typed messages at the click of a button. Just Paste the code into any of your pages to display the messages on the task bar. Add our generator to your site for free for your visitors to use it.
