

Simple timer on mouseover

Address {value_address}

Contact Person{value_contact_person}Mobile Number{value_mobile_number}

Email {value_email}

Two methods to display a timer on mouse over of a HTML link. One with the change of label, the second one to display the dynamic timer only onmouseover of a link. The position of the timer are customisable. This works in all versions of IE and NS including 6.0 and 7.0 version.
