Sliding Puzzle Customizable with XML. Highly customizable. You can design a lot of parameters according to your desires: XML driven, so you probably won't need to modify the .fla file Select as many images as you want to show. You just indicate the path to the images and the file does the rest! Select images order: Sequential or Random Choose puzzle dimensions: number of Rows and Columns (3x3, 4x4, 5x2, 3x6...) Set Random Dimensions so every new image the puzzles sizes will be different Move pieces using both Mouse and Keyboard Possibility to move 2 or more pieces at a time Display Background Images (Wallpaper) The game saves your Best Scores (time and moves) Previous and Next Puzzle Buttons, which can be easily removed AS3 code greatly commented Opens with Flash CS4 or later And many more...
