

String Functions (Len, Left, Mid, Right)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a short exmaple that demonstrates the text manipulation functions in .asp. It takes a string of ten numbers 8005551212 (the 800 number for 800 info) and splits it into the common ###-###-#### format.
