TargetProcess:Suite is an integrated agile project management and bug tracking software. It provides Project Planning module, Time Tracking module and Bug Tracking module. Integrated Bug Tracking makes project management more effective, improves overall project tracebility and visibility. TargerProcess:Suite suits best for small to medium size projects. Optimal team size for a single project is 2-10 members. It may be a remote team and in this case TargetProcess will help keep all members on track. TargetProcess supports multiple projects, so you may have 10 or more projects with different teams.
