The Ticket System

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The Ticket System is an easy to use ticket support system. The script provides an easy way to manage incoming customer support requests. Features multiple logins, captcha image spam deterrent, department filtering, and fast ticket searching. New auto post add-on allows the creation and updating of tickets through direct email.
