

UltraEasy Forum

Address {value_address}

Contact Person{value_contact_person}Mobile Number{value_mobile_number}

Email {value_email}

Build a fully functional ASP Forum (Message Board) with UltraDev and some Microsoft Access trickery. Part of the ongoing "UltraDev - UltraEasy" series of tutorials. All the files for this project (including the database) are available for download and can be used as a stand alone, fully customizable, ASP forum.
