

## Useful File Utilities

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This is a file browser with a replacer, a renamer, a finder, a change-attributes function and a batch replacer. The batch replacer is a multi-string search-and-replace filter. It can find strings in files and replace them with whatever text you specify. Both text and binary files are supported.
