vBWar Plus

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a work in progress to give your clan everything they need to manage wars, members, join us and challenge us applications and a whole lot more. There is support for multiple clans unlike the other scripts available today. vBWar only runs on vBulletin 3.x and seamlessly integrates with it's admin control panel and template engine. Currently available is the Plus version and soon the Pro and Portal versions will be released. Full installer included.
