Vm Invoice Manager

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

A free component to produce PDF invoices for virtuemart orders. You can send invoices as email's attachment to customers. You can even print delivery labels with customer address, check if all items are shipped and/or invoiced and much more. The script runs on Vm 1.1.4 and Joomla! v1.5.9. You can install it like any other Joomla! component but runs only if you have Vm installed. Languages: Italian, English
