WorldPay for Magento

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The extension provides WorldPay payment integration which enables payment processing through an existing merchant account. The extension supports secure credit card payment ("Select Junior") including callback functionality (see documentation for configuration details). No PCI DSS Certification is needed, since all payment data is transmitted via WorldPay's payment form.
