Xheo.Licensing

Address   {value_address}

Contact Person   {value_contact_person}

Mobile Number   {value_mobile_number}

Email   {value_email}

Protect your .NET software with Xheo.Licensing - dynamic, secure, XML based licensing. Using RSA encryption & dynamic limits that define the environment in which components can run. RSA public-key encryption makes sure licenses stay secure and cannot be altered by the end user. Includes a full suite of license support including On-The-Fly Licensing for websites and POS integration, GUI License Management, a License Server for remote validation, and more.
