FM2 is a Professional Flash Menu with sliding submenus that is fully customizable without using Macromedia Flash. Dynamically change text, color, menu options, transparency, border options, add custom images and so much more! Over 100 options! Frunder Flash Menu 2 is built for the developer who wants dynamic Flash Navigation but either does not own Flash or needs an instantly editable and dynamic Flash menu. Programmers with XML experience can customize FM2 to build menu options at runtime unique to each user. FM2 is the single most powerful Flash Menu yet!
